## @ THE LIBRARY!

Volume 6, Issue 3  
March 2013

### Envisioning the Difference

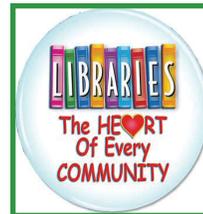

**Envisioning the Difference the Library Can Make in the Future of Liberty Lake**

“Excellence is the result of matching library services with community needs, interests, and priorities.”

Help us envision the future of Liberty Lake and how the library can make a contribution toward achieving that vision. We’re looking for 12 community members interested in serving on a Library Planning committee to identify those community needs, interests and priorities that the library could and should address.

Voices from all corners of Liberty Lake representing the many aspects of the city, including those who are not usually involved with the library, are encouraged to volunteer their vision of the future of our city.

The committee will meet twice, once on Thursday, March 21st, and again on Thursday, April 18th. For more information, contact Pamela Mogen, Director, at 435-0777 or come by her office on your next visit.
