Explore Your Family History with 2 Classes

Every family has their own lore, but getting to the truth behind the stories can be a daunting proposition. It raises a number of questions, like: What do I want to know? What do I already know? And of course, Where do I look for answers? Even though it may seem baffling to undertake this research, its rewards are inarguable, so much so that millions of people take it up every year.

So, where do you start? Local genealogist Steve Dahlstrom will return this month for 2 classes to help you embark on the path to telling your family story. On **Monday, May 19**, at 6:30 p.m., get an entertaining overview of the research process and major resources, along with asking genealogical questions and interpreting evidence with **Genealogy for Beginners**.

On **Thursday, May 22**, at 6:30 p.m., take **Introduction to FamilySearch.org** for a closer look at the freely available online collection of genealogical and historical records compiled by the Church of Jesus Christ of Latter-Day Saints.

The classes can be taken alone, but Genealogy for Beginners is encouraged for those new to family history research before Intro to FamilySearch.

We Know It Happens...

Library books get torn, Library DVDs & CDs get scratched, broken, or lost. The policy approved by the Library's Board of Trustees on these issues are listed on our website in the Policy Handbook.

In summary:

1. Items that are lost, broken, or rendered unusable are charged to the patron at the retail value plus a \$3 processing fee.
2. The Library *will not accept* a replacement purchased by a patron. As a city department, the library can only accept payment in lieu of a city-owned item.
3. Damaged items, even if the damage is small, must be repaired by library personnel with appropriate tools and supplies. Do not attempt to repair any library item yourself.
