## 1000 Books Before Kindergarten

Read a book to your infant, toddler or preschooler. The goal is to read 1,000 books before your child starts kindergarten. Does it sound hard? If you read just 1 book a night, you will have read 365 books in a year. If you consider that most children start kindergarten at around age 5, you have more time than you think, so get started! Sign up here or in the library. Then come to the library to pick up your 1000 Books kit!
