**A RESOLUTION PROVIDING FOR THE FUTURE USE OF RECLAIMED WATER ON
CITY FACILITIES BY THE CITY OF LIBERTY LAKE, WASHINGTON**

WHEREAS, clean water in our region is a limited and precious resource used by the City of Liberty Lake ("City") for the care, beautification and growth of our community; and

WHEREAS, the City strongly encourages the responsible use of this resource and encourages others to do the same; and

WHEREAS, the City seeks to facilitate responsible use and adherence to the City's Comprehensive Plan goals of environmental stewardship and technological innovation; and

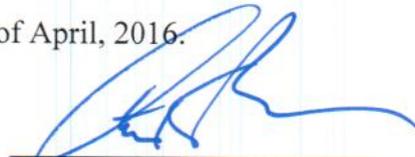

WHEREAS, the Liberty Lake Sewer and Water District ("District") is a continuing partner and driving force for the responsible use of clean ground water in our community; and

WHEREAS, the City recognizes and affirms the great efforts of the District to keep our water bodies clean and adhere to all State, Federal and Local laws pertaining to the procurement, use and disposal of our domestic water.

NOW, THEREFORE, be it resolved by the City Council of the City of Liberty Lake, Washington, as follows:

The City encourages the District's efforts to install facilities, pipelines, and appurtenances to transmit and distribute reclaimed water within our public Rights of Way in an effort to provide alternative methods of properly, legally and responsibly discharging high quality effluent. The City also recognizes that the Trailhead Golf Course may be an excellent candidate for the use of reclaimed water and will give the District full cooperation for the exploration and evaluation of the golf course as a potential site for reclaimed water use. The Mayor is encouraged to assist the District with the exploration and implementation of the use of reclaimed water on City facilities as this will be to the best advantage of the City.
