2018 is coming to a close and the Friends of the Library would like to thank the community for all your support. The library staff are hard working, creative and dedicated people who design and execute programs that set our library apart. We, the Friends, recognize this positive environment and want to give our needed support. We raise funds to ensure that the superior programs continue. This last year the Friends have had book auctions, gift baskets to bid on, book sales, a letter writing campaign, and the first Summer Soiree. In 2019 the Friends are planning more opportunities for the community to continue your support for some of your favorite events and a few surprises.

The November Book Sale was a big success because of book donations and support for the book sale from our community. Thank you.
