WASHINGTON SPOKANE
COUNTY, WASHINGTON
RESOLUTION NO 22-298**

**A RESOLUTION DECLARING AN EMERGENCY AND SOLE SOURCE
PURCHASE RELATING TO A REPAIR OF THE 926M CAT WHEEL LOADER
WAIVING THE PROCUREMENT REQUIREMENTS PURSUANT PAGE 51 OF
THE CITY OF LIBERTY LAKE FINANCIAL MANAGEMENT POLICIES**

WHEREAS, the City of Liberty Lake (“City”) had a major equipment breakdown during a snow event on December 17th, 2021, and this vehicle was imperative for the operations of snow and ice removal for City arterials; and

WHEREAS, the City leases this equipment from Western States CAT, and the lease agreement indicates that during the warranty period, Western States Equipment will repair or replace, at its option, covered components of the equipment under their standard or extended warranty; and

WHEREAS, at the time of the emergency repair, the City of Liberty Lake Streets Operations Supervisor believed this to be a repair covered under the warranty agreement; and

WHEREAS, the City of Liberty Lake received an invoice in the amount of \$7,176.61 in February for the repair that was determined to be “customer damage” for a failed coupler frame and was not covered under any existing warranty; and

WHEREAS, on February 18th, 2022, city staff challenged this determination with Western States Equipment and received a statement clarifying the nature of the breakdown and upheld their original determination of “customer damage”; and

WHEREAS, Page 51 of the City of Liberty Lake Financial Management Policies state that procurement requirements may be waived in the event of an emergency and when purchase is clearly and legitimately limited to a single source or supply within the near vicinity; and

WHEREAS, the City Council finds that an emergency situation and sole source purchase did exist and that it is appropriate to waive the aforementioned procurement requirements in relation to this repair.

NOW, THEREFORE, be is resolved that the City Council of the City of Liberty Lake does hereby adopt the following:

1. Pursuant to page 51 of the City of Liberty Lake Financial Management Policies, a Sole Source Purchase exists for the above stated reasons to waive procurement requirements and approve the cost of the repair to the 926M CAT Wheel Loader.
2. An emergency repair existed, however, at the time of the breakdown, city staff did not anticipate a cost associated with this repair and therefore did not identify the existence of the emergency situation as described on Page 51 of the City of Liberty Lake Financial Management Policies.

Hello Kyle,

Here are the pictures we have of the break, as per our tech that inspected the break, it had no signs of defects, prior cracking or discoloration that forms in defects and cracks.

The initial conversation with Derek, Neither Derek nor the operator could confirm of any signs of damage when they did a pre-trip inspection, and the break had happened as the operator was traveling down the road, went over some bumpy terrain and when stopped he found that the coupler had been broken.

With no signs of defects and the wear on the coupler, its believed that the bumpy terrain, weight of the attachment, and the cold weather all had caused the breaking of the coupler.
