

NOTICE OF DECISION

Proposal File #: LUA2023-0018 **Zoning:** C-2 (Freeway Commercial)

Proposal: HUB Sports Center Facility Expansion

Proposal Description: Expansion of the existing HUB Sports facility on an 8.74 acre with construction of 5 new outdoor athletic fields, two tennis courts and 6 pickleball courts, and a 16,000 sq. ft. community building, picnic shelters, inclusive playground area, covered spectator seating, maintenance complex, and 273 new parking stalls on 26.49 acres

Site Address: 19619 E Cataldo Ave, Liberty Lake, WA 99016

General Location: North of I-90, east of Barker Road in the City of Liberty Lake

Abbreviated Legal Description - Section: 17 **Township:** 25 **Range:** 45

Owner: Phil Champlin **Phone:** 509-927-0602

Contact: Bob Droll **Phone:** 360-456-3813

Application Date: 06/08/2023 **Determination of Completeness Issued:** 06/13/2023

Notice of Application Issued: 06/13/2023

Notice of Decision Issued: 08/28/2023 **Appeal Closing Date:** 09/11/2023

CITY OF LIBERTY LAKE PLANNING, ENGINEERING & BUILDING SERVICES DECISION:

- Approved
- Approved w/ Conditions
- Disapproved

SEPA THRESHOLD DETERMINATION: Mitigated Determination of Non-Significance (see MDNS issued 05/18/2023)

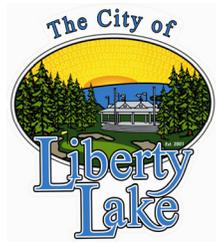

DECISION APPEAL PROCEDURE: Interested parties with standing, as defined in RCW 36.70C, have the opportunity to appeal a final decision on a project permit. The decision may be appealed within fourteen (14) calendar days from the date the decision is rendered by delivering a notice of appeal to Planning & Building Services by mail or personal delivery. The notice of appeal must be received by 4:00 p.m. on the last day of the appeal period, unless the last day of the appeal period falls on a weekend or holiday, the notice of appeal shall then be due on the following business day. Appeal requests shall contain all information and items required in the City Development Code Section 10-4B-4, subsection H. An 'open record' appeal to the Hearing Examiner is available on many Type I project permits. The appeal procedure shall be as outlined in the City Development Code Section 10-4G-2, subsection H for Appeals of Administrative Interpretations by the Director.

This Notice of Decision has been provided to the project applicant, the Spokane County Assessor, and to any person who, prior to the rendering of the decision, requested notice of the decision or submitted substantive comments on the application.

A copy of the SEPA determination has also been provided to the Dept. of Ecology - Olympia, Dept. of Transportation - Spokane County, Other Reviewing Agencies, and the project applicant.

The complete record in this matter, including this decision, is on file during the appeal period with the review authority listed below. Pursuant to RCW 36.70B.130, affected property owners may request a change in valuation for property tax purposes notwithstanding any program of revaluation.

MITIGATED DETERMINATION OF NON-SIGNIFICANCE (MDNS)

Proposal File #: LUA2023-0018 **Zoning:** C-2 (Freeway Commercial)

Proposal: HUB Sports Center Facility Expansion

Proposal Description: Expansion of the existing HUB Sports facility on an 8.74 acre with construction of 5 new outdoor athletic fields, two tennis courts and 6 pickleball courts, and a 16,000 sq. ft. community building, picnic shelters, inclusive playground area, covered spectator seating, maintenance complex, and 273 new parking stalls on 26.49 acres

Site Address: 19619 E Cataldo Ave, Liberty Lake, WA 99016

General Location: North of I-90, east of Barker Road in the City of Liberty Lake

Owner: Phil Champlin **Phone:** 509-927-0602

Contact: Bob Droll **Phone:** 360-456-3813

MDNS Determination Issued: 08/28/2023 **Appeal Closing Date:** 0911/2023 at 4 p.m.

LEAD AGENCY: CITY OF LIBERTY LAKE

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment; provided the applicant complies with the mitigation measures listed below and the attached conditions. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request. The complete record in this matter is on file during the appeal period with the review authority listed below and is available to the public upon request.

- There is no comment period for this MDNS; pursuant to WAC 197-11-355(4).
- This MDNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for at least 14 days from the date issued (below). Comments must be received by: _____, if they are intended to alter the MDNS.

MITIGATING MEASURES:

In addition to the plans and specifications submitted for permit and SEPA review, the following mitigation is required:

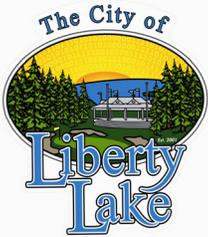

- a. A Temporary Erosion and Sedimentation Control (TESC) plan is to be prepared by a WA State licensed Professional Engineer and implemented throughout the duration of construction. The TESC plan is to be prepared using best management practices (BMP's) currently accepted within the Civil Engineering profession. The TESC plan is to include, as a minimum, a grading plan, location, and details of silt control structures (such as silt ponds, silt traps) are to be installed prior to other site work and the TESC measures are to be implemented and maintained throughout the duration of construction.
- b. A Stormwater Pollution Prevention Plan for the project site is required and should be developed by a qualified person(s). Erosion and sediment control measures in the plan must be implemented prior to any clearing, grading, or construction. These control measures must be effective to prevent soil from being carried into surface water by stormwater runoff. Sand, silt, and soil can damage aquatic habitat and are considered pollutants. The plan must be upgraded as necessary during the construction period.
- c. Compliance with the Washington State Department of Ecology Water Quality and Solid Waste Program requirements shall be required.
- d. All new dry wells and other injection wells must be registered with the Underground Injection Control program (UIC) at Department of Ecology prior to use and the discharge from the wells must comply with the ground water quality requirement (non-endangerment standard) at the top of the ground water table.
- e. The requirements for Consolidated Irrigation District and Spokane County Utilities shall be met at the time of project construction.
- f. The Contractor shall be required to have an Inadvertent Discovery Plan in place in accordance with the requirements of the Spokane Tribe of Indians.

- g. An updated Trip Generation and Distribution Letter shall be required prior to construction of phases subsequent to Phase 2B, to include the trips associated with Phase 2B, as requested by WSDOT and City of Spokane Valley for determination of the overall impact of the expansion.

APPEAL OF THIS DETERMINATION, allowed under City Development Code Section 10-6A-7, subsection "C" shall be filed within fourteen (14) days after the determination has been made and is appealable. Any administrative appeal of a procedural or substantive determination under SEPA issued at the same time as the decision on the project action shall be filed within fourteen (14) days after notice of the decision has been made and is appealable. In order to allow public comment on a MDNS prior to requiring an administrative appeal to be filed, this appeal period shall be extended for an additional seven (7) days if the appeal is of a MDNS for which public comment period is required under the provisions of the City Environmental Ordinance or chapter 197-11 WAC. A notice of appeal must be delivered to Planning Engineering & Building Services by mail or personal delivery and must be received by 4:00 p.m. on the last day of the appeal period, unless the last day of the appeal period falls on a weekend or holiday, the notice of appeal shall then be due on the following business day. Appeal requests shall contain all information and items required in the City Development Code Section 10-4B-4, subsection H and shall follow the procedures outlined in City Development Code Section 10-6A-7, Subsection C for SEPA Appeals and Section 10-4G-2, subsection H for Appeals of Administrative Interpretations by the Director. **Appeal Closing Date: September 11, 2023.**

A copy of this SEPA determination has been provided to the Dept. of Ecology - Olympia, Dept. of Transportation - Spokane County, Other Reviewing Agencies, and the project applicant.
